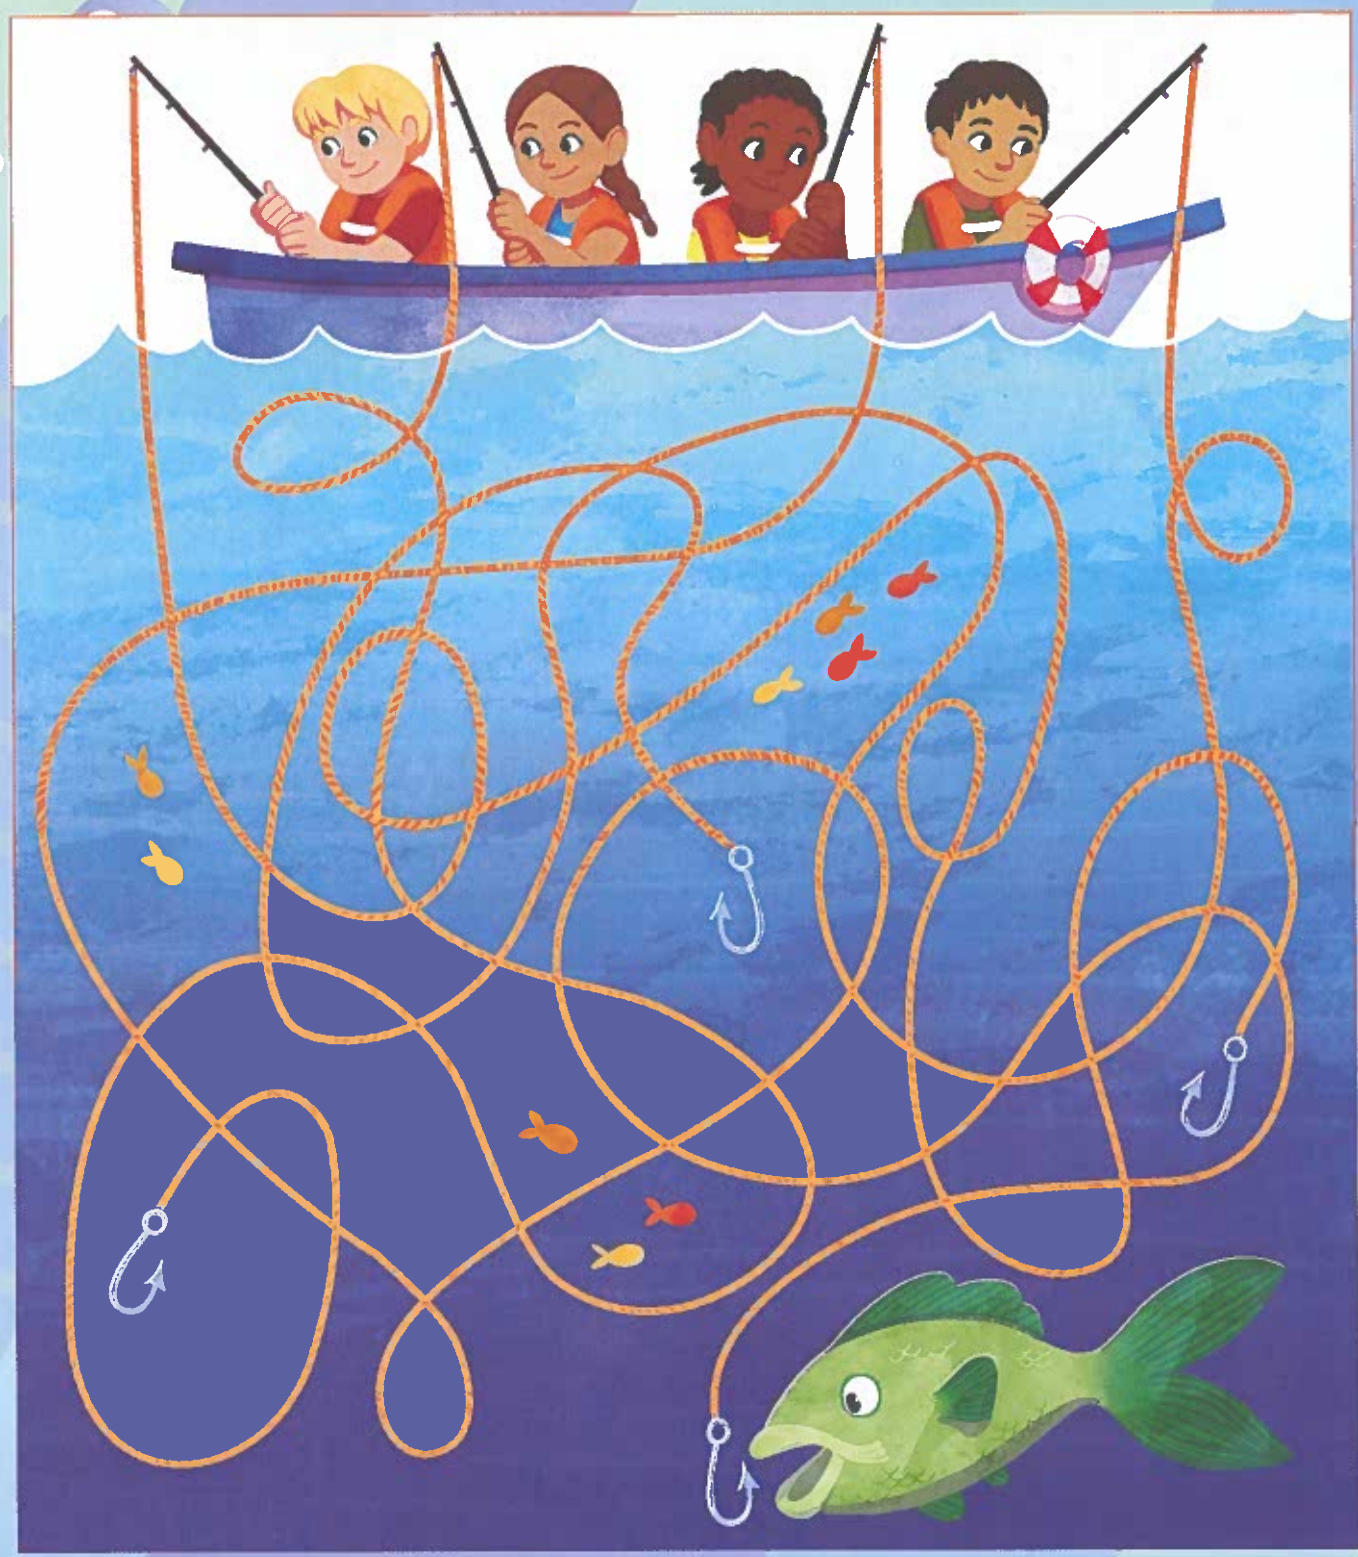
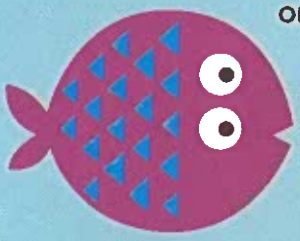
Follow the Fish

Follow the fishing lines to catch a fish.

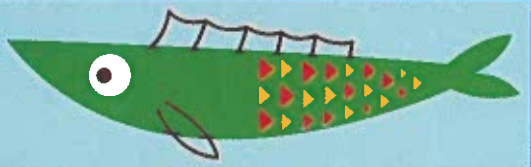


Calling the Disciples

Fish Facts



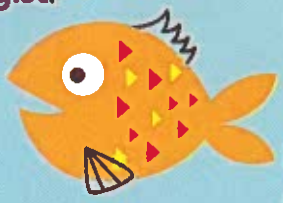
Fish breathe through an organ called **gills**.



A person who studies fish is called an **ichthyologist**.

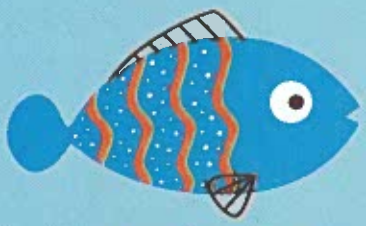
Fish have a **good** sense of sight, touch, and taste.

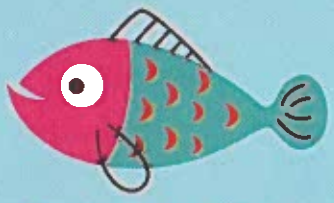
Some fish are **camouflaged** to hide from prey.



Fish are found all over the **world**.

Fish see in the dark with a special organ called the **lateral line**, which is like a radar and helps them to navigate.

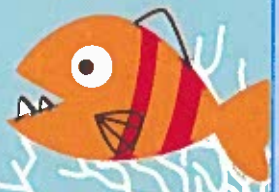




There are over **30,000** known species of fish.

About half of the species of fish live in the **ocean**, while the other half live in freshwater environments like **lakes, rivers, and streams.**

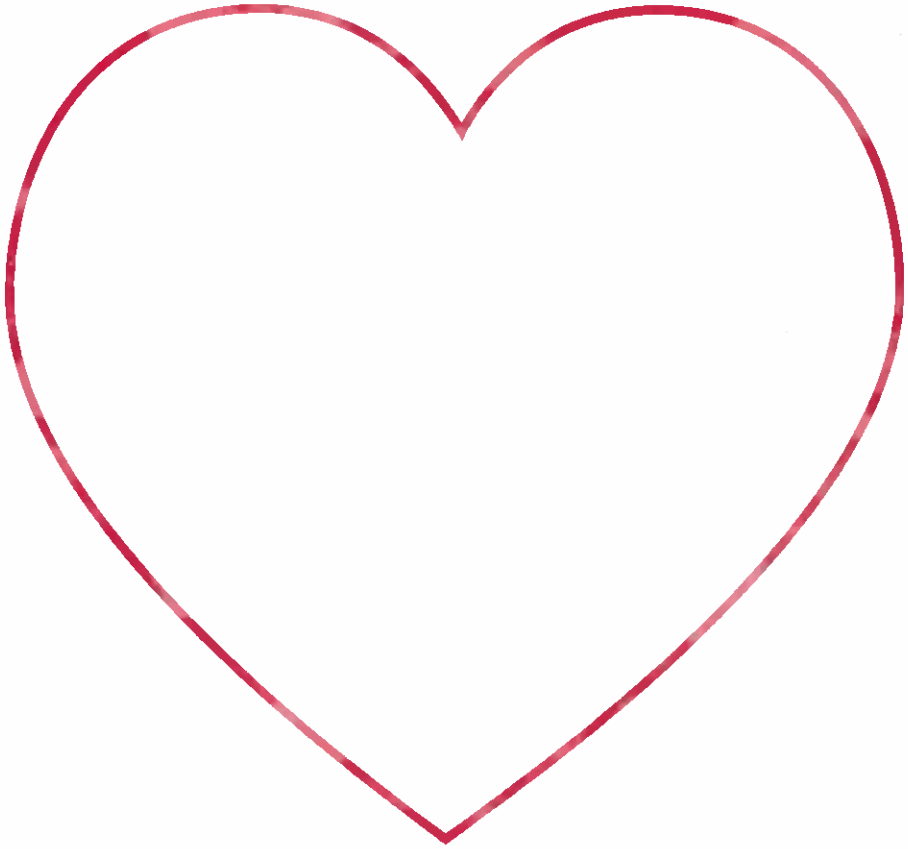
Although **jellyfish** and **crayfish** have the word "fish" in their name, they aren't actually fish.



Showing Love

How My Heart Feels

Using a variety of colors and images, draw inside the heart the different ways you show and feel love. On the lines above and below the heart, write what your pictures represent.



Showing Love

Kindness and Love

Did you know that our feelings, actions, and responses have an effect on those around us? In the Bible story, Jesus teaches that we should love everyone. This is HARD to do! Here is chart to help you think about several ways you can be kind and loving.
